OFFICIAL RECOGNITIONS 2026

AWARDS FROM ITALIAN GUIDES AND INTERNATIONAL COMPETITIONS

Casale del Giglio continues to confirm its position as one of the leading names on the Italian wine scene. The quality of its wines—the result of continuous research and a sustainable approach to winemaking— is recognised by the most authoratative wine guides and some of the world's most prestigious international competitions.

This success reflects the winery's long-term commitment to innovation and to promoting its territory. More than forty years ago, Casale del Giglio was among the first Italian wineries to experiment with international grape varieties that were then unknown in the Agro Pontino area. Alongside this pioneering and visionary work, the winery has also focused on rediscovering and reinstating Lazio's most significant native grape varieties.

Every bottle tells a story of passion, expertise, and dedication: the story of the Santarelli family, winemaker Paolo Tiefenthaler, the company, and a team that works every day to express the full potential of this land. The result is an array of wines that combine quality, respect for nature, and wine culture—an authentic expression of tradition, identity, and innovation.
